Polytechnic School Graduate Programs
GRE Waiver Request

All individuals applying to a Fulton Schools of Engineering - Polytechnic School (FSE-PS) graduate degree program must submit a valid GRE exam result. There are some situations where this requirement can be waived.

**Individuals may qualify for a GRE Exam Waiver if:**
You are an applicant to a graduate program within FSE-PS and meet one or more of the following requirements.

- You are a qualified applicant for a FSE-PS accelerated bachelor/master (4+1) program.
- You are an ASU graduate and earned a 3.2 cumulative GPA or higher in your undergraduate degree in a related field.
- You were previously admitted to a FSE-PS graduate program, are seeking re-admission to the same program, and earned a cumulative graduate GPA of 3.2 or higher.
- You completed a master’s degree in a related field and earned a graduate GPA of 3.0 or above in that degree program.
- You have at least five (5) years of professional work experience relevant to your program of application (submission of a cover letter and professional resume required).

To be considered for a GRE Waiver, applicants must submit this form and check the appropriate box above. Applicants must submit this completed GRE Waiver Request form electronically to PolyGrad@asu.edu or in person to the FSE Polytechnic School advising office (Wanner Hall 201) for this request to be considered.

Applicants will be contacted with a decision on the waiver request after department review. Approval of the GRE Waiver Request does not guarantee admission to the program. A complete application must be on file with ASU Graduate Admissions to be evaluated for admission to the FSE Polytechnic School.

**Name (Last, First, Middle)** ___________________________________________________________

**ASU ID# __________________________________ E-mail Address _______________________________**

**Semester of Application:**
- ☐ Fall
- ☐ Spring
- ☐ Summer
