

GRE Waiver Request

Polytechnic School Graduate Programs

All individuals applying to a Fulton Schools of Engineering – Polytechnic School (FSE-PS) graduate degree program must submit a valid GRE general exam result. However, there are some situations where this requirement can be waived.

Individuals may qualify for a GRE Exam Waiver if:

You are an applicant to a graduate program with FSE-PS **and** meet one or more of the following requirements:

- You are a qualified applicant for a FSE-PS accelerated bachelor/master (4+1) program.
- You are an ASU graduate and earned a 3.2 cumulative GPA or higher in your undergraduate degree in a related field.
- You were previously admitted to a FSE-PS graduate program, are seeking re-admission to the same program, and earned a cumulative GPA of 3.2 or higher.
- You completed a master's degree in a related field and earned a graduate GPA of 3.0 or higher in that degree program.
- You have at least five (5) years of full-time professional work experience relevant to your program of application. *Please note that submission of a cover letter and a professional resume is required.*

To be considered for a GRE Waiver, applicants must complete this form and check the appropriate box above. Applicants must then submit this completed GRE Waiver Request form electronically to polygrad@asu.edu or in person to the FSE Polytechnic School advising office (Wanner Hall 101) for this request to be considered.

Applicants will be contacted via email with a decision on the waiver request after department review. **Approval of the GRE Waiver Request does not guarantee admission to the program.** A complete application must be on file with ASU Graduate Admissions in order to be evaluated for admission to the FSE Polytechnic School.

Name (Last, First Middle): _____

ASU ID #: _____ E-mail Address: _____

Semester of Application: Fall Spring Summer Year _____
