Drop or Withdraw a Class
Drop/Withdraw a Class

- This guide will walk you through how to remove a class to your ASU schedule.
- Please refer to the Academic Calendar for important drop and withdrawal deadlines before you make changes to your schedule. Please be sure to do this before you proceed, as dropping and withdrawing from a class can have an impact on your financial aid.
- Please note the difference between dropping and withdrawing from a class. A drop will not appear on your transcripts, while withdrawing from a class will leave you with a “W” on your transcripts. A “W” grade does not impact your GPA. The deadlines listed in the Academic Calendar will determine if you will receive a drop or a withdrawal from your class.
- It is always recommended to speak with your Academic Advisor before making any changes to your class schedule.
