Degree Audit Reports (DARS)

A DARS is a report of your current progress within a given degree program. It is a live document that is updated every time you run a new audit. You can use it to view your specific program's requirements, any transfer credits you may have, and more.

This guide will walk you through the process of accessing and viewing a DARS report for your enrolled program or a program you are interested in changing to.

How To Access & View DARS

- You can access your degree audit (DARS) through MyASU under “My Programs.”
- Click on “Degree Progress”, listed under your major, then click on “Graduation Audit (DARS)”.

How To Access & View DARS

- You can view all the DARS audits you have run by returning to your main screen and clicking on “View Audit” next to the DARS you want to view.
- Your default major audit will not have anything listed under the “Audit Type” and the other majors you requested will be listed as “WHAT IF” audits.
- These audits will stay on your account for a few days before they are removed.
- It is always a good idea to run your default DARS after adding or dropping a class, or when your grades post each semester.
